SOLAR LIGHT TOWER

Designed and manufactured by OPTRAFFIC, the Portable Solar Light Tower (SLT) is a compact LED device that can provide clean, silent and efficient night lighting. It is the best choice for applications where noise is an issue.

OPTRAFFIC SLT is suitable for any emergency response, rural & hard-to-reach areas, temporary security, outdoor activity & large concerts, police/military application and construction work sites.

OPTRAFFIC SLT is designed in our ISO9001 facility with innovative technology. The equipment is fully adjustable from 12-30ft in height, being able to tilt up/down & rotate 360 degrees, portable, compact & easy to deploy by one person
